LPA GROUP PLC

(“LPA”, the “Company” or the “Group”)

New Rail Contract Award

LPA Group plc, the innovation-led engineering company that designs and manufactures electronic and electro-mechanical components and systems, is pleased to announce a new contract award for the supply of inter car jumper systems for a global train builder.

The value of the contract is £1.4 million, and the delivery schedule to the customer begins in February 2027 and ends in May 2028.

Philo Daniel - Tran, Chief Executive Officer, commented: *“We are delighted to have been selected to supply our jumper systems for this new build programme. This contract award reflects the confidence placed in our engineering expertise, product quality, and commitment to delivering reliable solutions that support safe and efficient rail operations. We are committed to working in partnership with our customer for successful delivery of this next generation of UK rolling stock.”*

About LPA

LPA Group plc (AIM: LPA) is an innovation-led engineering company that designs and manufactures electronic and electro-mechanical components and systems.

Focused on transport (rail and aviation), defence, infrastructure and industrial markets and supplying into hostile and challenging environments, LPA is known for engineering solutions to improve product reliability, reducing maintenance and life cycle costs.

The Group has four sites across the UK, selling to customers in the UK and overseas. Three of these are design and manufacturing sites: Saffron Walden, Essex - electro-mechanical systems for rail, aviation and industrial; Knapwell, Cambridge - power supplies for the rail market, Normanton, Yorkshire - LED lighting and electronic systems for rail and infrastructure. The fourth site is Newbury, Berkshire - value-added distribution of engineered components for rail, aerospace and defence.

With over 160 years of UK design and manufacture, and with origins in the first ever light installed in 'Electric Avenue', Brixton; innovation is core to LPA and to the products and services supplied to our customers worldwide.
