18 November 2026

LPA GROUP PLC

("LPA", the "Company" or the "Group")

New Rail Contract Award

LPA Group plc, the innovation-led engineering company that designs and manufactures electronic and electro-mechanical components and systems, is pleased to announce a new contract award for the supply of the complete LED interior lighting system for a global train builder.

The value of the contract is £1.3 million, and the delivery schedule to the customer commences during FY27 H1 and completes early 2028.

This contract follows the award received and announced in July 2026 from the same train manufacturer, for inter car jumpers, bringing the combined value of the two contracts to £2.7 million.

Philo Daniel - Tran, Chief Executive Officer, commented: *"We are delighted to have been selected to supply the complete LED interior lighting system for this new train build programme. This latest contract award marks another important milestone for our rail business, further strengthening our relationship with a leading global train manufacturer and reinforcing our reputation as a trusted supplier of critical systems for next-generation rolling stock."*

About LPA

LPA Group plc (AIM: LPA) is an innovation-led engineering company that designs and manufactures electronic and electro-mechanical components and systems.

Focused on transport (rail and aviation), defence, infrastructure and industrial markets and supplying into hostile and challenging environments, LPA is known for engineering solutions to improve product reliability, reducing maintenance and life cycle costs.

The Group has four sites across the UK, selling to customers in the UK and overseas. Three of these are design and manufacturing sites: Saffron Walden, Essex - electro-mechanical systems for rail, aviation and industrial; Knapwell, Cambridge - power supplies for the rail market, Normanton, Yorkshire - LED lighting and electronic systems for rail and infrastructure. The fourth site is Newbury, Berkshire - value-added distribution of engineered components for rail, aerospace and defence.

With over 160 years of UK design and manufacture, and with origins in the first ever light installed in 'Electric Avenue', Brixton; innovation is core to LPA and to the products and services supplied to our customers worldwide.
